RESOLUTION NO. 36 -2013

A RESOLUTION OF THE BOARD OF PUBLIC WORKS AND SAFETY
OF THE CITY OF MADISON, INDIANA
REGARDING A CROSSWALK ON THE 900 BLOCK
OF WALNUT STREET, MADISON, INDIANA

WHEREAS, the City of Madison, Indiana is cognizant of its responsibilities to remove barriers whenever possible for handicapped individuals or to provide reasonable accommodations or alternatives when barriers exist because of no economic feasible solutions to remove said barriers.

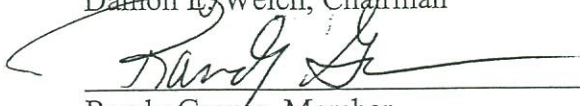

WHEREAS, in the 900 block of Walnut Street of the City of Madison, such a barrier exists that restricts the use of sidewalks on the east side of the street by individuals requiring wheelchairs or other similar devices.

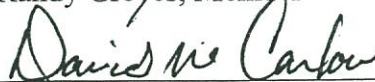

WHEREAS, a crosswalk properly marked and a curb ramp properly constructed will allow for an alternate route to the west sidewalks of Walnut Street, which are unobstructed, and will provide a reasonable proximate alternative location to allow for the use of handicapped mobile devices.

NOW, THEREFORE, THE BOARD OF PUBLIC WORKS AND SAFETY does hereby authorize a properly marked crosswalk to be provided on the 900 block of Walnut Street in the City of Madison.

ADOPTED this 20TH day of May, 2013.

Damon L. Welch, Chairman

Randy Greyes, Member

David Carlow, Member
